JH-FAC-022 / 02 OCT 2026

UPPER LANDING ACCESS LOG

Facilities / overnight extract

At 02:14 the upper landing reader accepted a credential issued to [redacted]. The associated visitor pass had been returned to reception at 17:30. Both entries have been preserved as correct.

[redacted]

[SECTION WITHHELD UNDER INTERNAL DISCLOSURE POLICY]

The night porter recorded the sound of a trolley but no request for the lift. Facilities confirms that the landing has no approved connection to [redacted]. The trolley has not been entered in the asset register.

[redacted]

ACTION REQUIRED: Retain the original reader tape.
