JH-OPS-023 / 07 OCT 2026

SHELF LOAD EXCEPTION

Storage / engineering note

Shelf C was measured without disturbing consignment NULL-C-0914, marked [redacted]. The measured deflection exceeds the estimate provided for an empty shelf. Accounts continues to classify the shelf as empty.

[redacted]

[SECTION WITHHELD UNDER INTERNAL DISCLOSURE POLICY]

The engineer requested a description of the load. Custody supplied the weight of the description folder instead. A second support bracket may be fitted provided it does not touch [redacted].

[redacted]

ACTION REQUIRED: Fit the bracket from the corridor side.
